IGF Structure and Working Mechanism

IGF Multistakeholder Advisory Group

([TOR link](#))

IGF Leadership Panel

([TOR link](#))

IGF Secretariat

(institutionally placed with UN DESA)

Core principles of the IGF:

open, multistakeholder, bottom-up, inclusive, transparent, non-commercial, community-centred process

Funding is extrabudgetary

IGF Year-round Process

Bottom-up agenda setting

- Global public call for inputs sets basis for MAG to advise on main themes for the IGF intersessional work and annual meeting
- Leadership Panel advises on strategic IGF improvements

Intersessional work & cooperation

- Best Practice Forums and Policy Networks
- Cooperation with NRIs and Dynamic Coalitions
- Capacity Development
- Other forms of cooperation with stakeholders

Annual IGF Meeting

- Host Government and the UN prepare the annual IGF meeting

IGF is a year-round

JOURNEY TO IGF 2025 IN LILLESTRØM

IGF 2025 intersessional work develops through open multistakeholder cooperation throughout the year

Best Practice Forums (BPFs) <i>multistakeholder networks focusing on existing and emerging good practices</i>	Policy Networks (PNs) <i>multistakeholder efforts that provide in-depth expert view on broad Internet governance topics of global population's interest</i>			Dynamic Coalitions (DCs) <i>open, multistakeholder and community-driven initiatives dedicated to exploring a certain Internet governance issue or group of issues</i>
BPF on Cybersecurity - Securing Access to the Internet and Protect Core Internet Resources in Contexts of Conflict	PN Internet Fragmentation (PNIF)	PN Meaningful Access (PNMA)	PN Artificial Intelligence (PNAI)	32 DCs focused on particular IG issues
Access and protecting the core of the Internet in times of conflicts	What is Internet fragmentation and what could be the codes of conduct to prevent it?	How to achieve meaningful and universal access for all?	Multistakeholder effort for good AI governance	DCs on accessibility; blockchain; child rights online; connectivity; Internet values; data; health; DNS; gender; jobs; IoT; rights; IG

IGF CAPACITY DEVELOPMENT

“Contribute to capacity building for Internet governance in developing countries, drawing fully on local sources of knowledge and expertise.”

[3]	[Building] Digital Trust and Resilience <i>Cybersecurity and Trust, Data Governance, Artificial Intelligence, Media and Content, Rights and Freedoms [Capacity Building]</i>	3,4,5	 ACTION LINE C5  ACTION LINE C9  ACTION LINE C10	 9  12  16  17
[4]	[Building] Digital Cooperation <i>Digital Cooperation, Emerging technologies and Innovation, Artificial intelligence, Sustainable Multistakeholder Governance</i>	3,4,5	 ACTION LINE C1  ACTION LINE C2  ACTION LINE C3  ACTION LINE C4  ACTION LINE C6  ACTION LINE C10  ACTION LINE C11	 9  10  11  16

High-Level Session Topics (tentative)

1. Losing the information space? Ensuring fundamental rights and resilient societies in the age of big tech
2. Child protection online
3. Digital public goods
4. Sustainability of digital technologies - AI & Future of work
5. WSIS+20

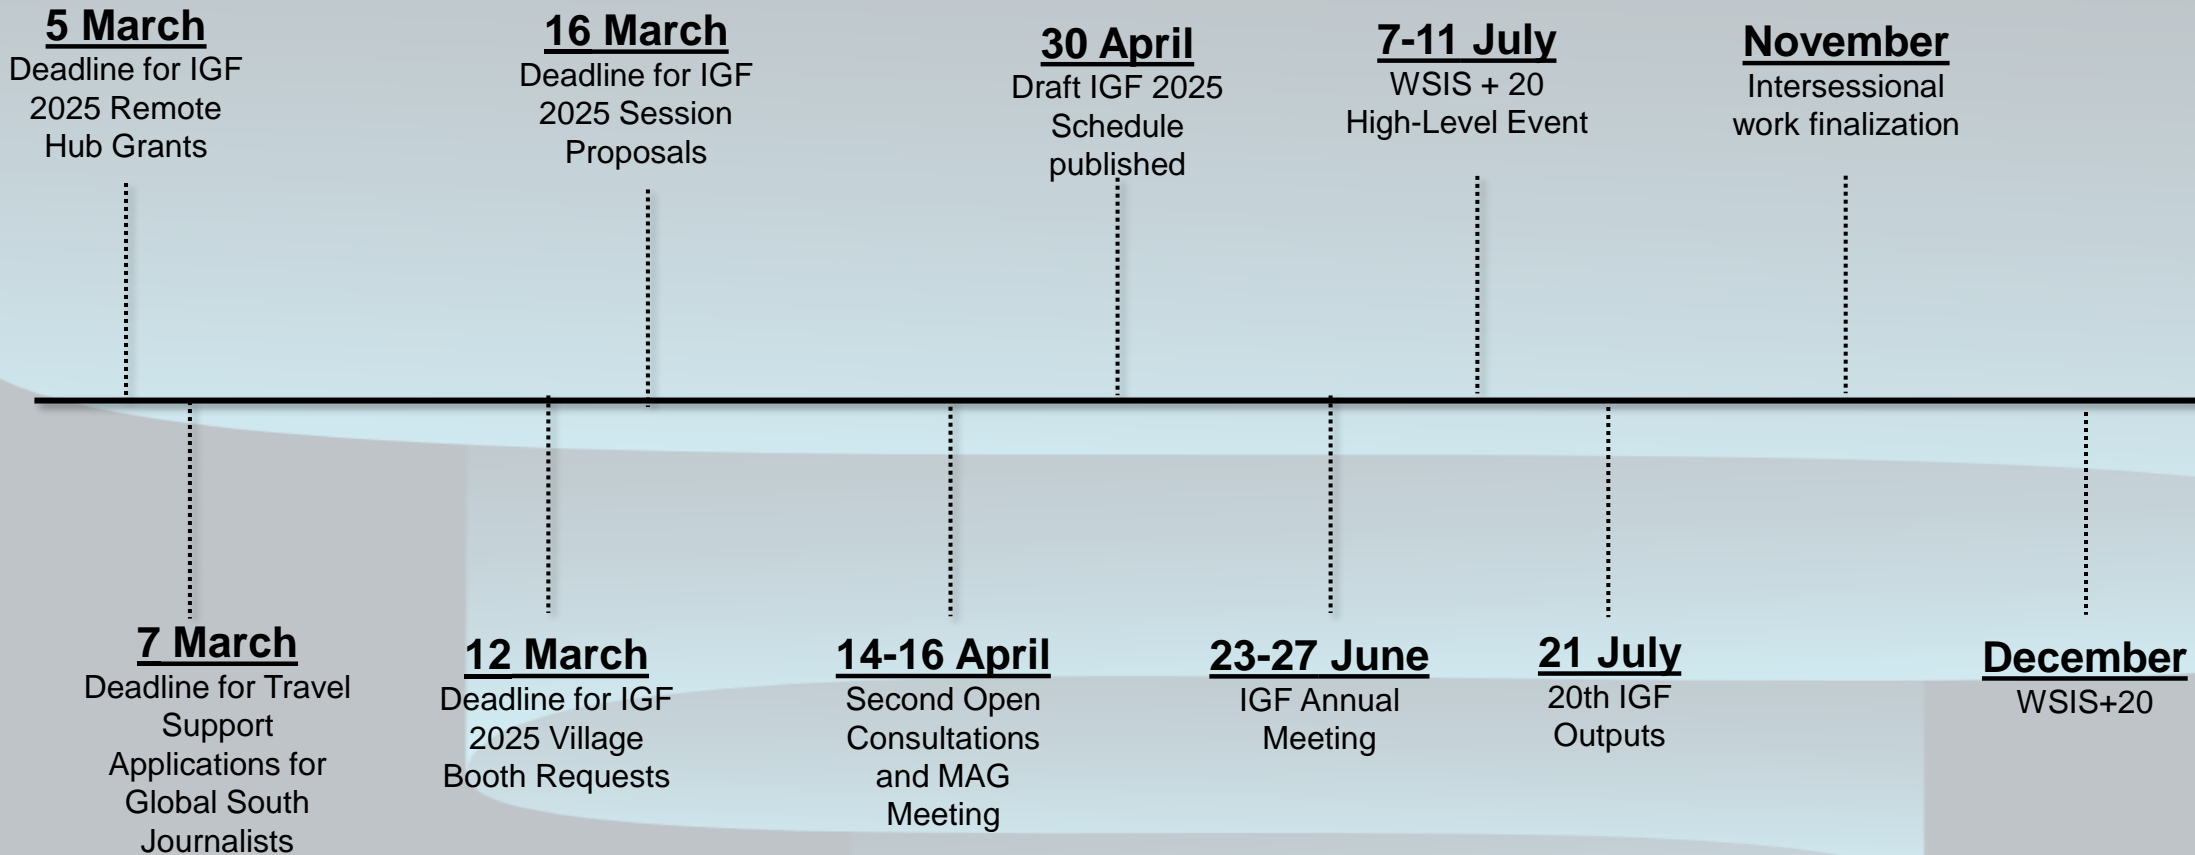

Session Types

- **High-Level Sessions** organized by the Host Country and UNDESA/IGF;
- **Main Sessions** organized around priority issues related to the IGF 2025 programme by members of the MAG;
- **Workshops** as community-organized multistakeholder interactive sessions;
- **Open Forums**, sessions organized by governments, treaty-based international organisations, and global organisations with international scope and presence, with operations across regions, dealing with Internet governance issues;
- **Launches and Awards**, sessions to present and discuss Internet governance-related academic and/or research initiatives or outputs such as research or think tank work, book launches and similar;
- **Lightning Talks**, brief, to-the-point, prepared presentations on a specific Internet governance issue;
- **Networking Sessions**, gatherings of stakeholders interested in the same or similar issue;
- **DC Sessions**, as collaborative sessions organized by multistakeholder teams of different DCs;
- **NRIs Sessions**, as collaborative sessions organized by multistakeholder teams of NRIs coming from different regions;
- **Intersessional work sessions**, organized by the facilitators of IGF Best Practice Forums and Policy Networks;
- **Music Night**,
- **Pre-events**, sessions hosted on the day before the IGF official programme begins.
- **IGF Village booths** – exhibition booths where organizations can showcase their non-commercial Internet governance-related work

Outputs

- Oslo Messages (incl. on WSIS+20)
- IGF Summary Report
- Best Practice Forum (BPF) on Cybersecurity Report
- Policy Network (PN) on Internet Fragmentation Report
- Policy Network on Artificial Intelligence Report
- Policy Network on Meaningful Access Report
- Parliamentary Track Output document
- Message from the IGF Global Youth
- Transcripts of all sessions
- All session recordings on YouTube
- Plenary Room Broadcast and recorded on YouTube and UNTV in all 6 UN languages + Sign Language

IGF 2025 Timeline

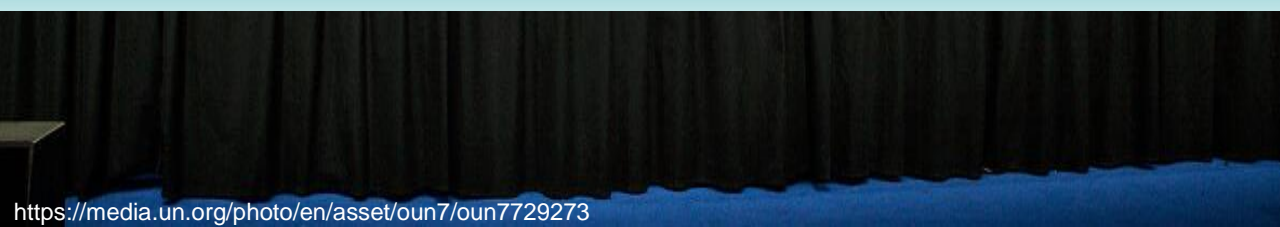

IGF+20 & WSIS+20

General Assembly Resolution A/70/125 called for a high-level meeting in 2025 to review the overall implementation of the World Summit on the Information Society (WSIS) outcomes, a process known as the WSIS+20 Review. Currently in its third mandate, the IGF and its extension will once again be a critical aspect of the upcoming WSIS+20 review process in 2025.

Forward looking: IGF beyond 2025

- Para 28/29/68/74
- Para 68 particularly mentions a role of the IGF's National & Regional Initiatives
- Leadership Panel and MAG have produced strategic papers.
- Commit to working with the CSTD, ITU, ODET, UNESCO, UNDP, Regional commissions etc.
- Each of our various intersessional streams has been asked to submit a one-pager on how they can contribute to the goals in the GDC.
- IGF continues to serve as a multistakeholder, open and inclusive platform for stakeholder engagement.
- IGF plans to contribute to the WSIS+20 review through the agreed modalities
